

GERRY FOX SHOW

Re: Fox hunt

I headed up to film-maker **Gerry Fox**'s exhibition at 176 in Chalk Farm to sip blackberry martinis with **Will Self**, Marc Quinn and **Tracey Emin**. Afterwards, at Gerry's house in Notting Hill, artist **Alison Jackson**, actor **Tom Hollander** and food writer **Jo Weinberg** could be found chatting on the balcony upstairs, while downstairs a bit of frisky girl-on-girl action, coupled with **Dan Lywood** on the decks, ensured a packed dancefloor until 3am. Not bad for a Tuesday. >
